My Family Tree

My family is British. They came here over 200 years ago because of the vast amount of farm land, rich soil, and a large amount of fish.

Over 200 years ago one of the first settlers, Wyannie Malone, settled in Hope Town. ~~Me~~ My family and I are direct descendents of Wyannie Malone.

I think it was a struggle to get here because back then they didn't have motor boats so they had to pack all their things in small sail boats. It was also difficult because sometimes there would be no wind so they would ~~we~~ have to use paddles and skull.

I believe that it was a huge relieve to arrive here because on the boats there were not much places to get any sleep at all. It was probably a huge weigh of their shoulder to reach ~~there~~ here.

I think that the older days were more relaxing and simple. I wish I could live in the time of the settlers
